## Foreword

To my old customers and new iris friends, I present this, my seventh consecutive catalogue for your approval.

As in the past, most varieties are priced  $1/3$  below retail, where stocks permit discounts are larger. Compare my catalogue with others.

The newer introductions have been marked NET. First: because stock is not plentiful. Second: because it is considered unethical to cut prices the first three years. So. Let's keep everyone happy.

Thank you for your many interesting letters and nice compliments on my fine rhizomes. I shall continue to maintain the same high standard of quality as in past years.

Looking forward to your garden visit and interesting letters in 1953; I am

Sincerely Yours,

GERTRUDE J. STUETZEL.
